WHAT IS MORA UXPLORE 1.0?

Mora UXplore 1.0 is an event initiated by the IEEE Student Branch of University of Moratuwa. This event is conducted for the first time. Mora UXplore is a UI/UX designing competition bringing all undergraduates together with creativity and user-friendly creations. Mora UXplore is open to all undergraduates in any university who are enthusiastic to create UI/UX. This event consists of an awareness session, three workshops, three rounds and a final designathon.

GUIDELINES

- All the participants must be undergraduates and should be from the same university.

- One team should consist of 3 members.

- All interested teams must register for the event before the deadline specified by the organizing committee.

- All participating teams will be given a design challenge and have to submit their solutions within a specified timeframe.

- The selected teams from the previous round will move on to the next round, where they will be given a more complex design challenge.

- The top 15 teams from round 3 will participate in a final designathon, where they will have to work on a more advanced design challenge within a limited time frame.
